

# De brug tussen PRINCE2<sup>®</sup> en TMap<sup>®</sup>

Rob Baarda

Testnet, Nieuwegein

9 juni 2004

## Agenda

- PRINCE2 kort
- TMap in PRINCE2
- Tips

## Globale typering PRINCE2

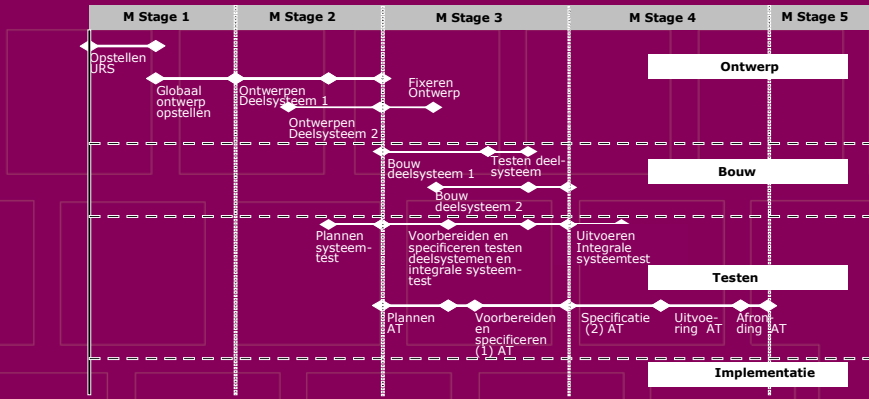

- Onder besturing van Project Board
- Op basis van Business Case
- Product based
- Quality Assurance en Project Board
- Management Stages en Technical Stages

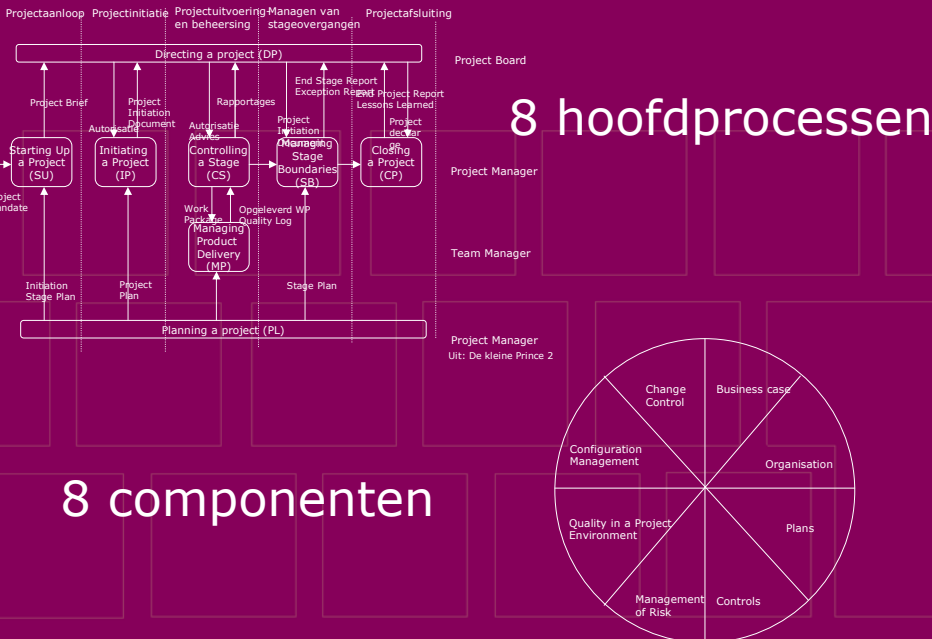

# Mogelijke invulling MS TS

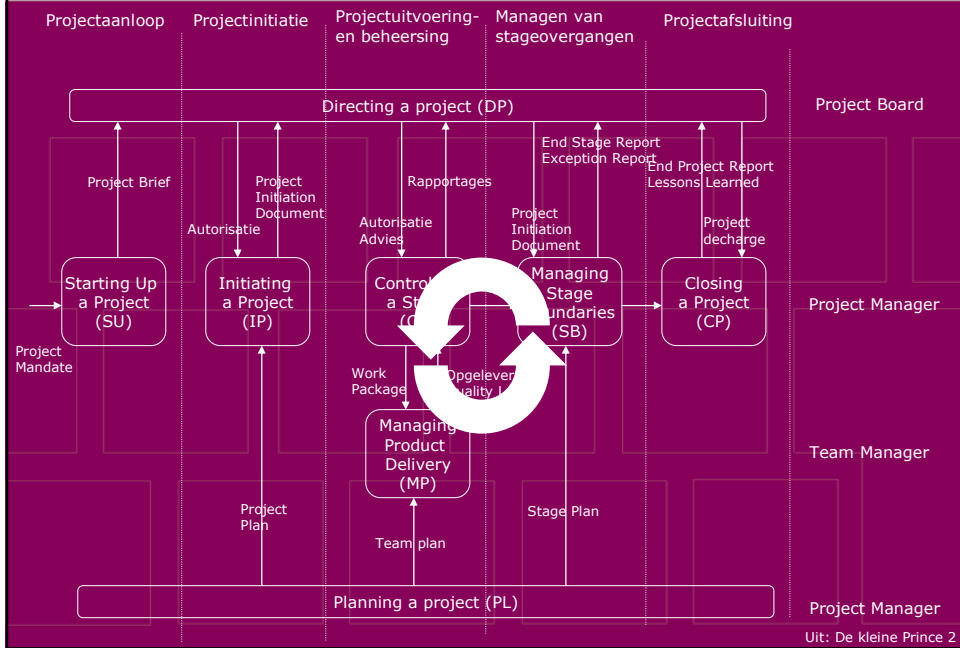

## Management Stage en Technical Stage

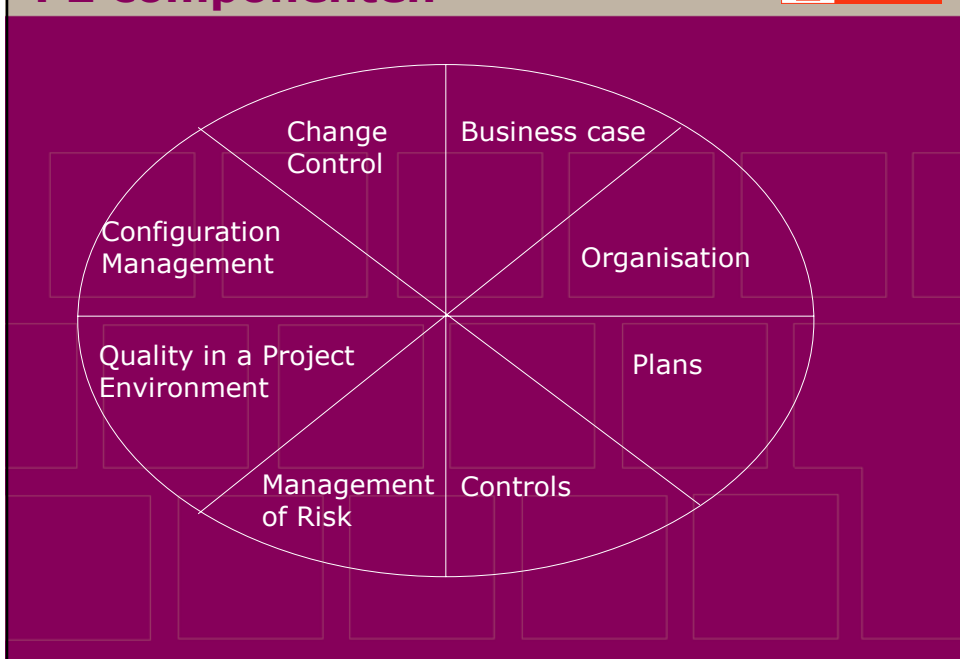

# PRINCE2 = 8 + 8

## P2 processen

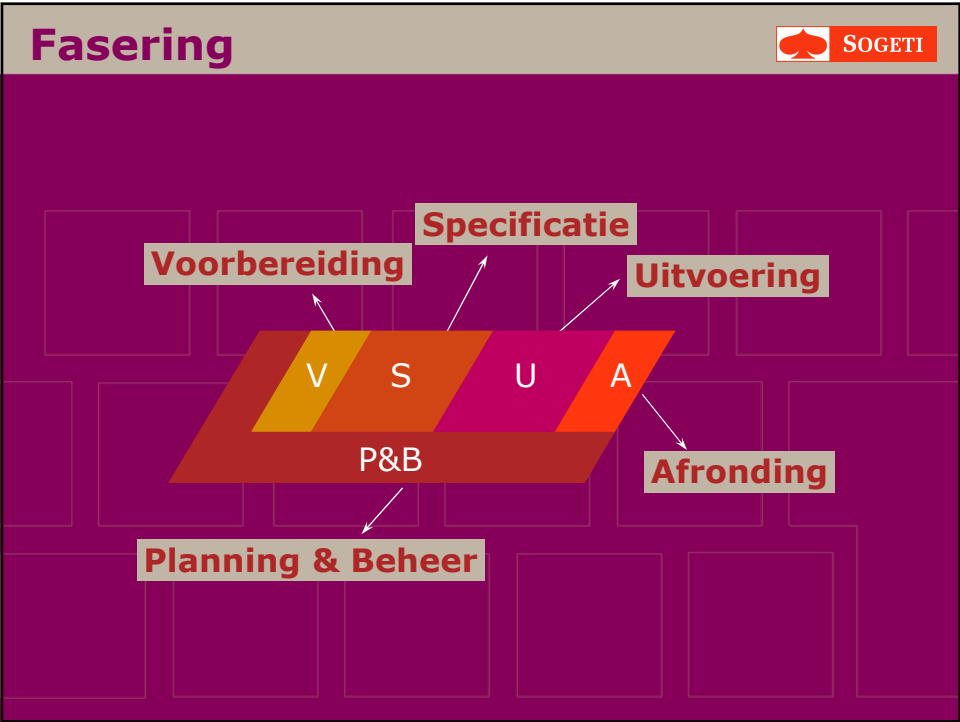

## P2 componenten

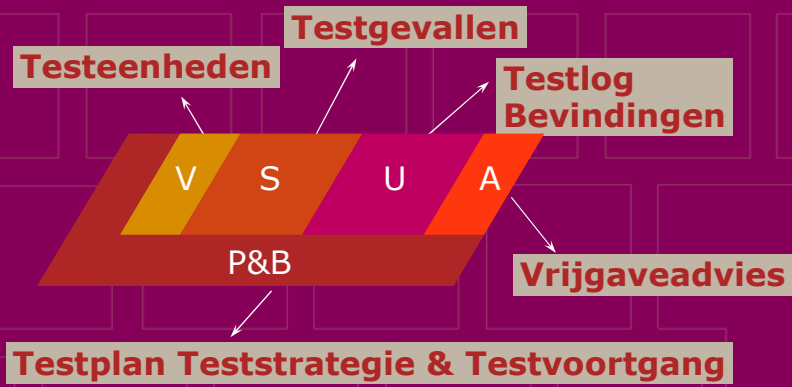

**TMap** 

**Wat, wanneer?** Fasering van de testactiviteiten  
**Hoe?** Technieken  
**Waar, waarmee?** Infrastructuur en Tools  
**Wie?** Organisatie

## TMap-producten

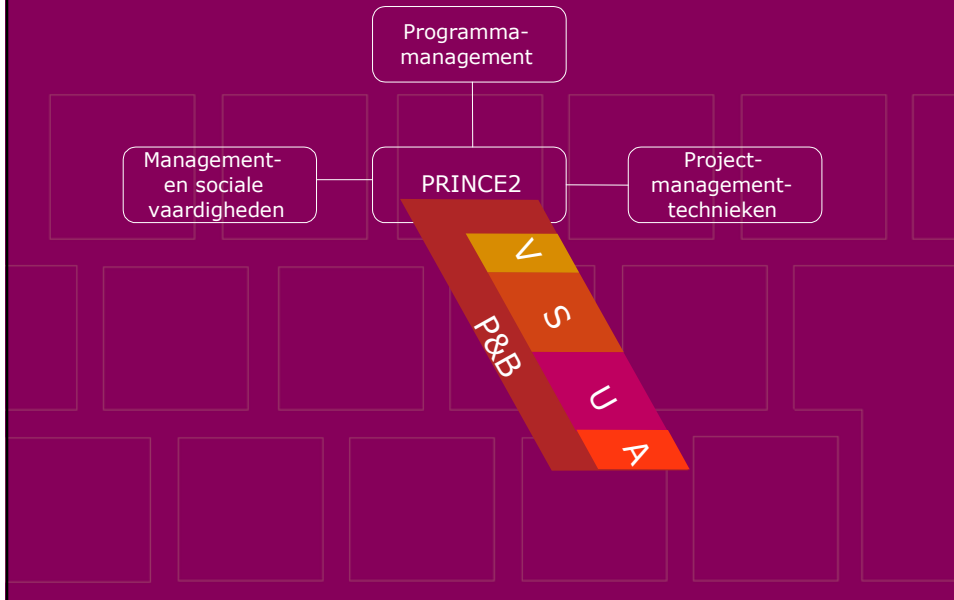

## PRINCE2 en TMap

Uit: De kleine Prince 2

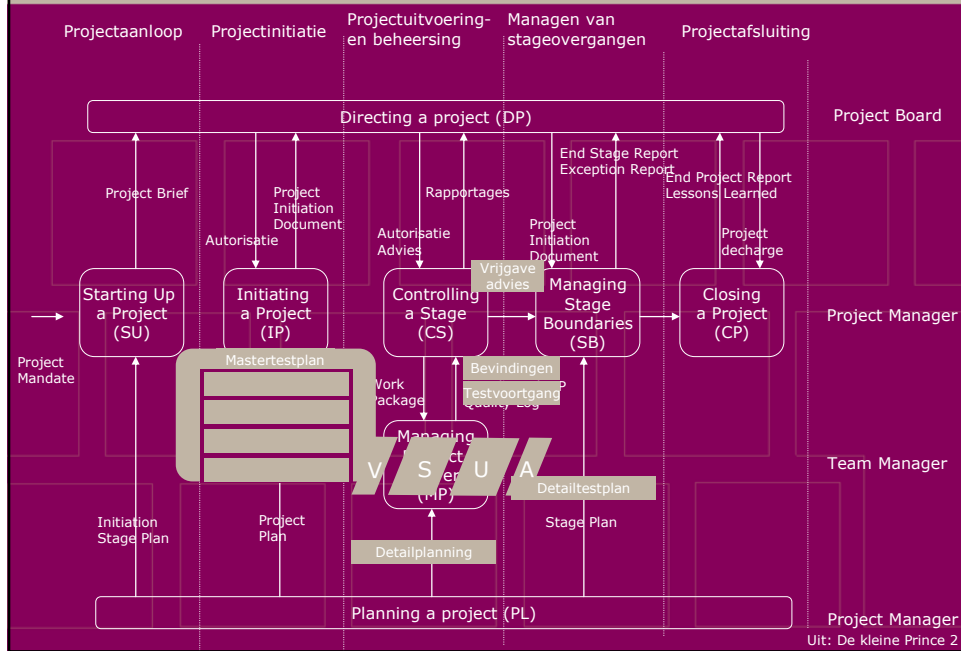

## PRINCE2 en TMap fasering

## P2 componenten en TMap

## P2 processen en TMap

## Belangrijke P2-TMap relaties

- Issues bevindingen (off-specification)
- Risk Management teststrategie obv productrisico's
- Quality Log testeenheden
- Business Case vrijgaveadvies

## Tips

- De Infrastructuur-pijler ontbreekt.  
Invullen met Work Packages voor:
  - testomgeving
  - testautomatisering inrichten
- Herstel en hertest inplannen
- Testmanager er vroeg bij (parttime)
- Eén testmanager voor alle testsoorten
- Teststrategie ook gebruiken voor prioriteitsstelling in project

## Conclusie

**PRINCE**
