## Agenda

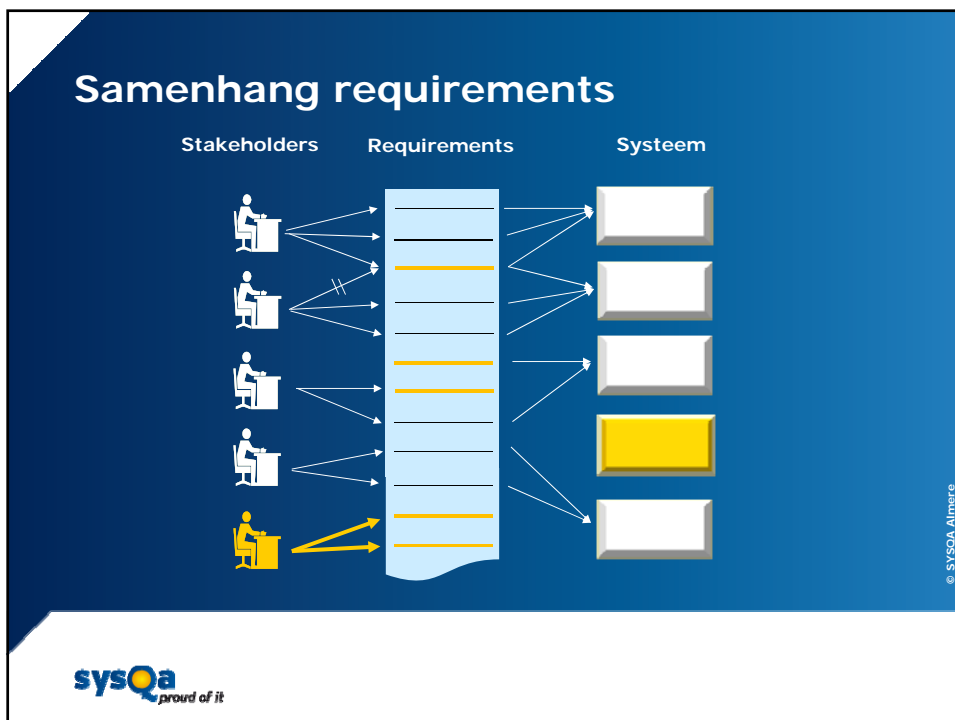

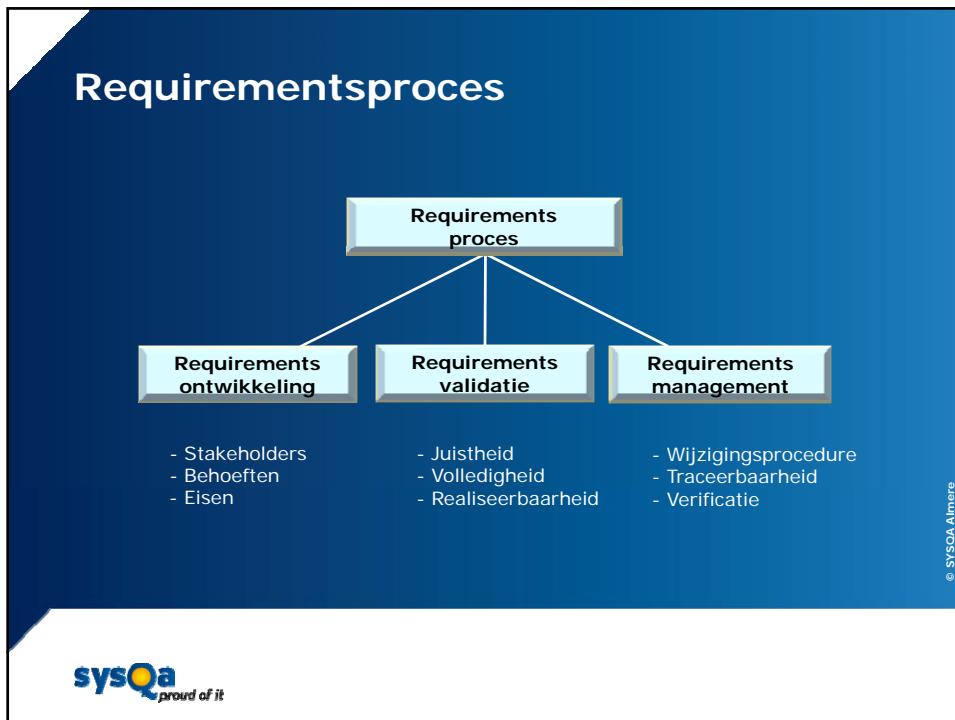

- Essentie requirements engineering
- Idee op hoofdlijnen
- RE-tester en inspanning
- RE-tester en projectkennis
- RE-tester en technieken
- RE-tester en agile
- Final thoughts

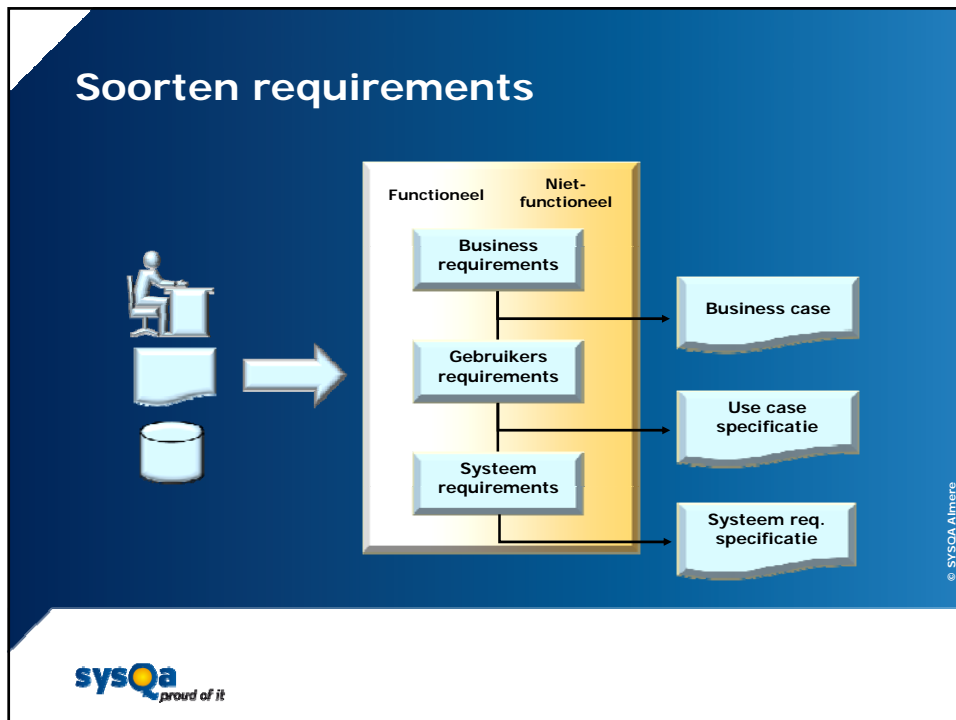

© SYSQA Almere

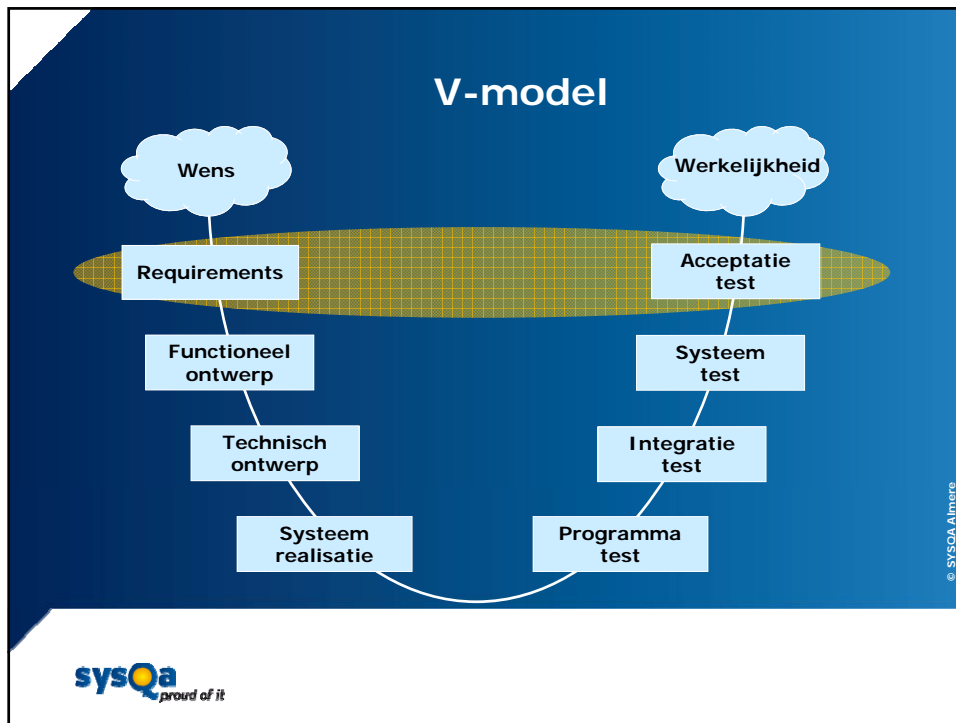

## Essentie requirements engineering

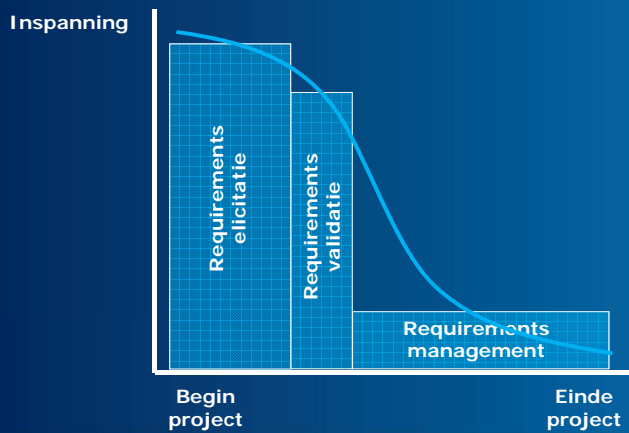

### Idee op hoofdlijnen

## RE-tester en inspanning

sysQa proud of it

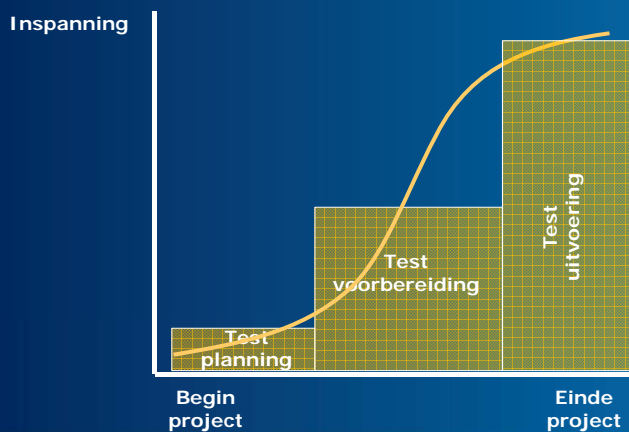

## Inspanning requirements engineer

© SYSQA Almere

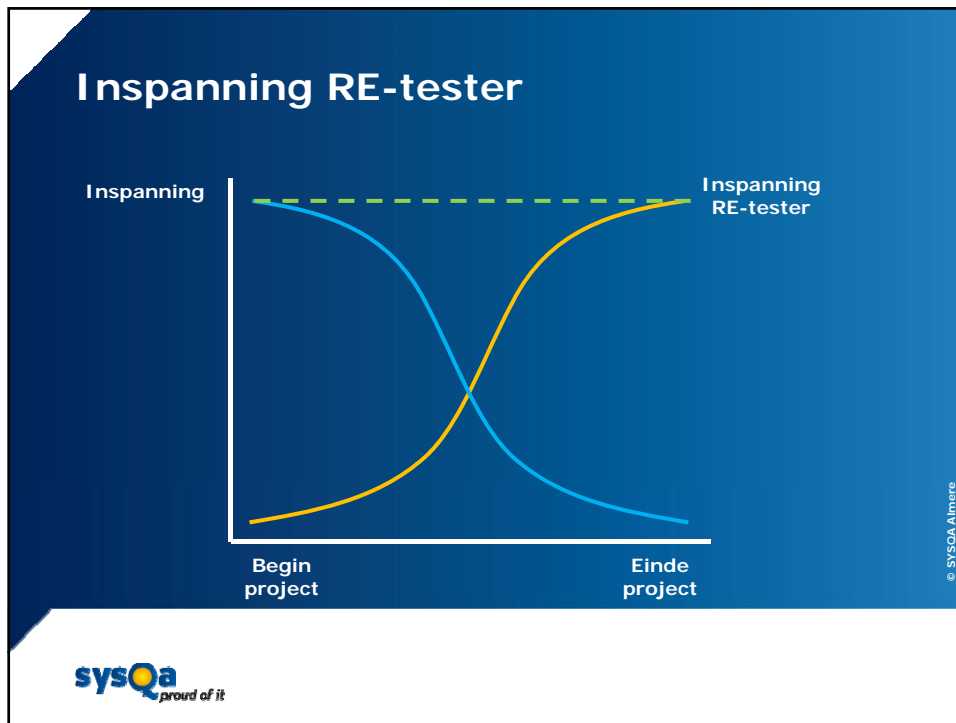

## Inspanning tester

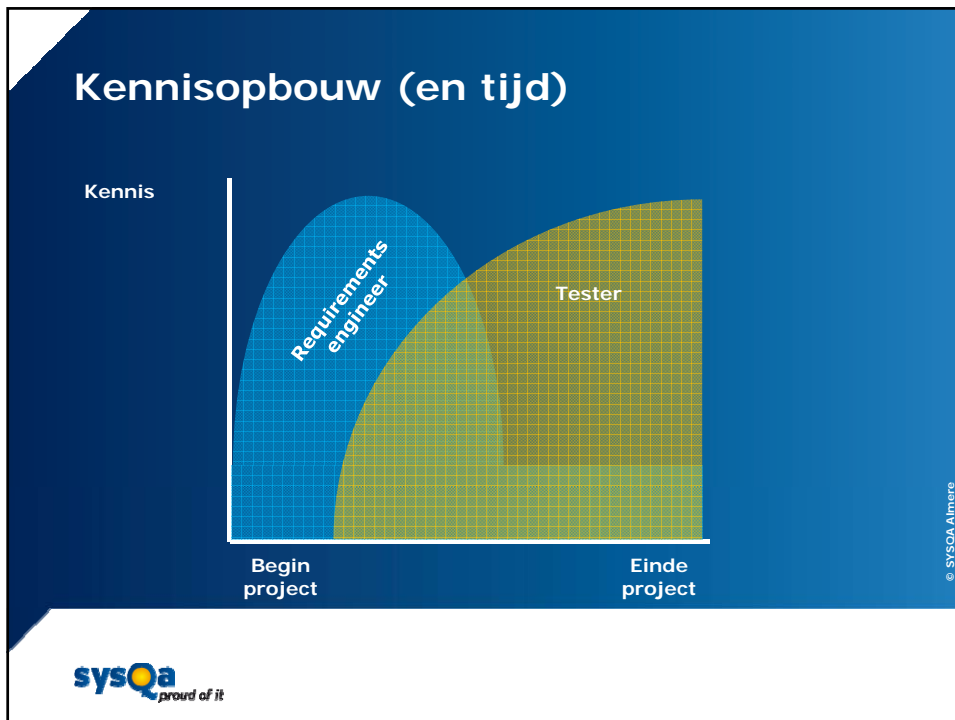

© SYSQA Almere

## RE-tester en projectkennis

The text 'RE-tester en projectkennis' is presented inside a blue speech bubble shape. The logo 'sysQa proud of it' is located in the bottom right corner of the slide.

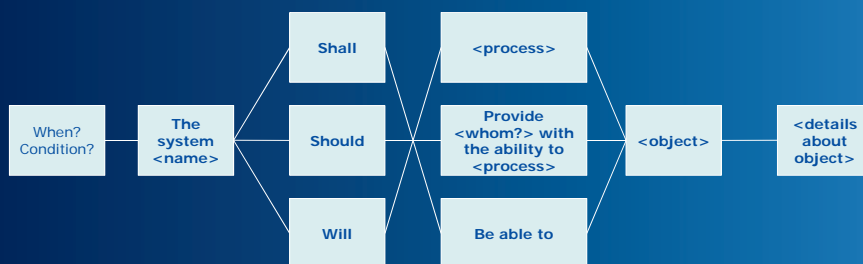

# RE-tester en technieken

## Technieken - systeemrequirements

On request of the client the system shall show the delivery status of an ordered book

© SYSCA Almere

## Technieken - systeemrequirements

Does

On request of the client the system shall show the delivery status of an ordered book

© SYSQA Almere

## Technieken - Systemrequirements

Does the system show the delivery status of a prepared book on request of the client

Priority 1

**Logisch testgeval**

© SYSQA Almere

## RE-tester en agile

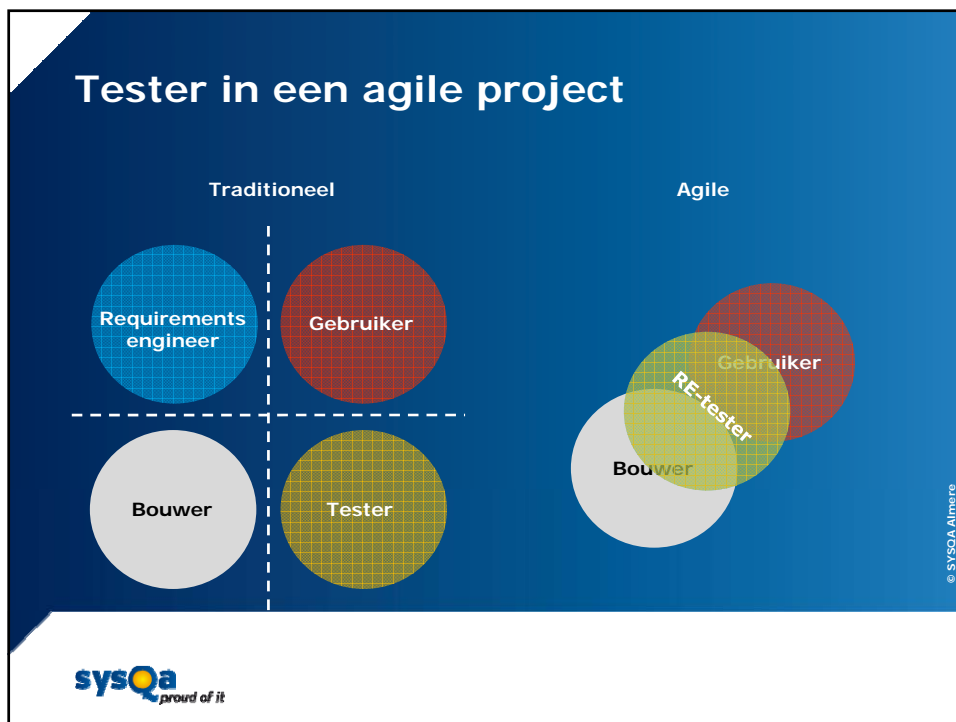

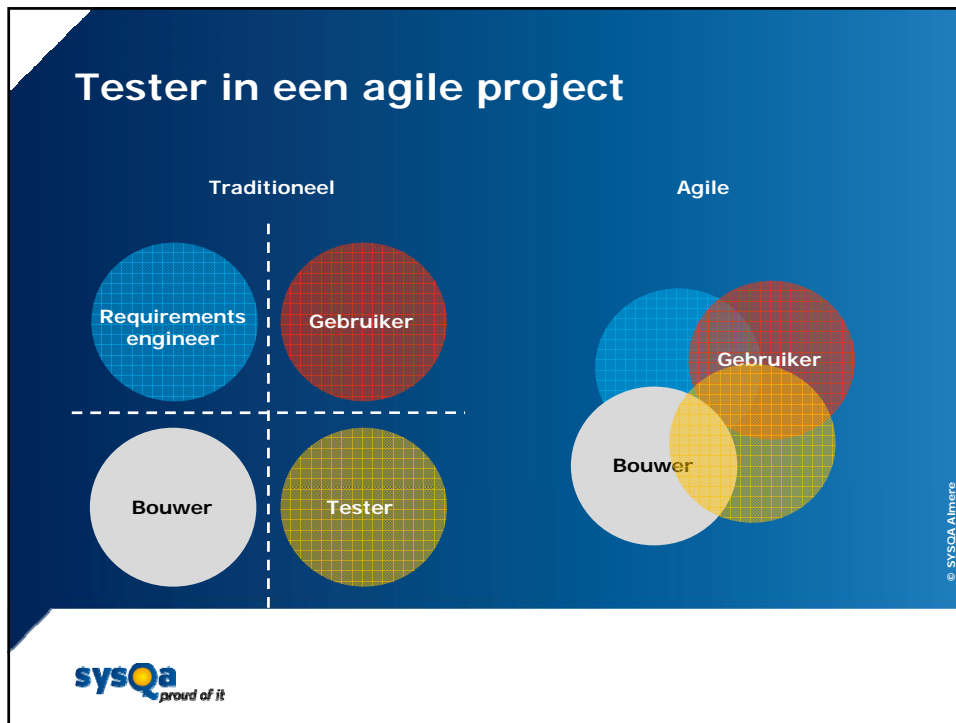

## Tester in een agile project

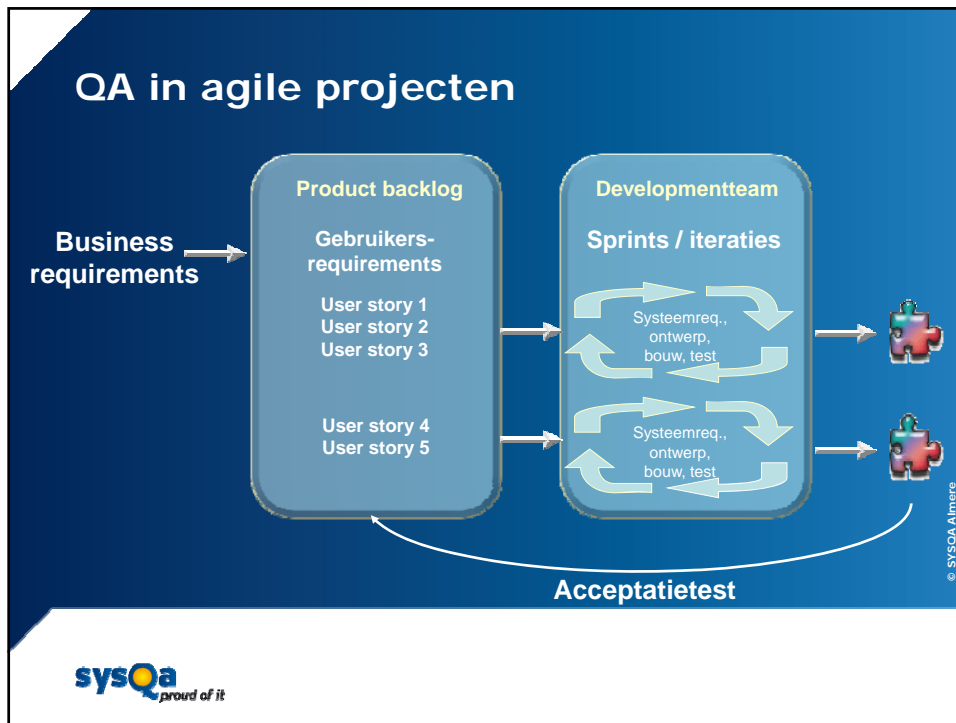

Traditioneel

Agile

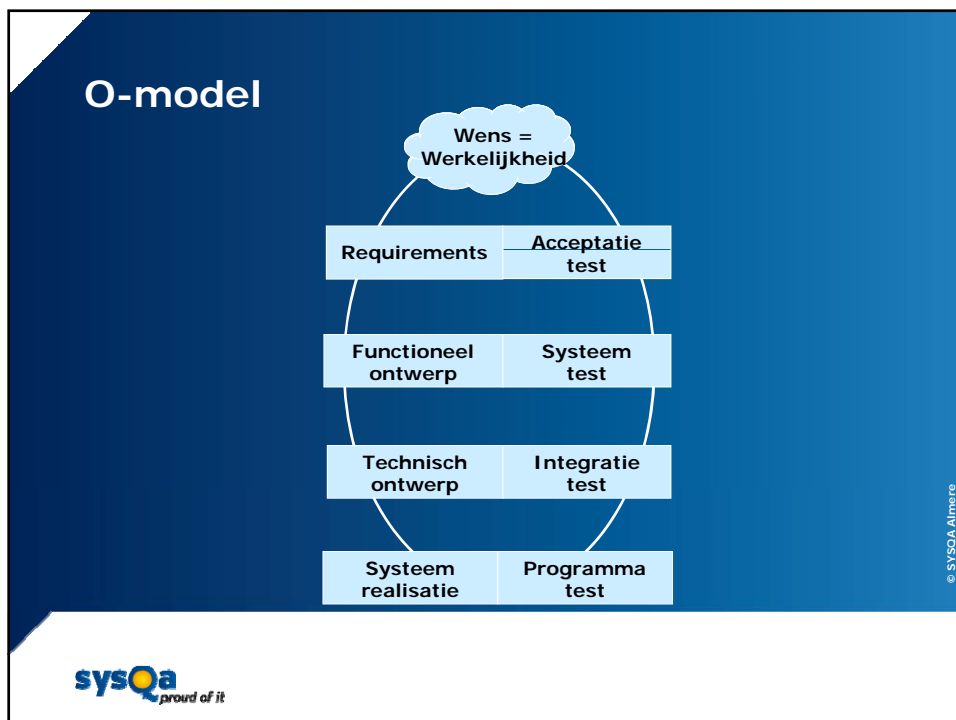

© SYSQA Almere

## En nu?

A large blue speech bubble with a white border contains the text "En nu?". The logo **sysQa proud of it** is located in the bottom right corner of the slide.

## Voordelen

- Tijd / geld besparen door minder inwerken
- Minder discussie door kennisbehoud
- Minder communicatie door minder projectrollen
- Tijd /geld besparen door combineren werkzaamheden
- Tester vroeg betrokken
- Requirements engineer lang betrokken
- Verbreding van de functie

© SYSQA Almere

## Nadelen

- Twee (gerelateerde) vakken beheersen
- 'Single point of failure'
- Slechte requirementsanalisten of slechte testers
- Timemanagement uitdaging
- Onafhankelijkheid tester in het geding

© SYSQA Almere

En wat betekent dat voor mij?

## Eisen aan de persoon

### Requirementanalist

- Analytisch
- Gestructureerd
- Doorzettingsvermogen
- Inlevingsvermogen
- Creatief
- Vragen stellen
- Luisteren
- Inhoudelijk kennis
- Kennen requirements processen

### Tester

- 
- 
- 
- 
- 
- 
- 
- 

## En dat betekent voor mij?

Kan ik dit?

Ja

Wil ik dit?

Ja of ?

© SYSQA Almere

**sysQa**  
proud of it
